

THE JOHNS HOPKINS UNIVERSITY

BALTIMORE, MARYLAND

November 2nd, 1931

Dear Glueck:

On my return from Hartford I found your letter of October 18th awaiting me. I shall be happy to send you the material when I can get it together, which I must do, since Watzinger has also written me for some pictures. Just now I am very busy. Meanwhile, please write Dr. Kyle about the matter, since he has always had the right to publish popular articles, etc. While it is not absolutely necessary, I am sure that he would appreciate your courtesy in asking him.

My efforts to secure the approval of the Trustees seem to have been successful, so I do not apprehend any serious difficulty in the way of your election as Director of the Jerusalem School next year. I wrote you from Hartford, telling you about my interview with Morgenstern and Montgomery. I have talked with Barton since. The matter will probably be decided at the end of this month.

With best wishes to Mrs. Glueck,

Very sincerely yours,

*W.F. Albright*
