Professor Nelson Glueck
 Hebrew Union College
 Cincinnati, Ohio

Dear Dr. Glueck:

It gives me great pleasure to announce to you that the Executive Committee has unanimously elected you as Director of the School in Jerusalem for the year 1932-33. We are all extremely pleased that there appears to be the likelihood, with the kind consent of your College, that you can accept our call.

You know enough of the School to be acquainted with this work and the duties of the Director, on all which I hope we may have further conference to any extent you may desire. The salary for the year is \$5000, along with the right of occupation of the Director's wing of the School, and a definite sum is also put at his command for hospitality and other necessary expenses falling upon the Director. I will ask the Treasurer to inform you of these terms more precisely.

Your selection gives great satisfaction to Dr. Albright, who, we trust, may become permanent Director in 1933, as you have long been acquainted with his archaeological plans and worked in cooperation with him.

I think I can assure you and Mrs. Glueck of a very happy year

in the School, where you must already feel very much at home.

Trusting that you can accept our appointment, and with best wishes for a very happy New Year to you and Mrs. Glueck, I am

Very sincerely yours,

James A. Montgomery
