Nov. 27, 1935.

Dear Burrows:

Some time ago Moon wrote me with regard to financial statement for the Bulletin. We have in the past published only the Condensed Cash Statement. I wrote him to get the statement from you. Some time ago I sent you the Annual Financial Statement and the Condensed Cash Statement for the fiscal year ending June 1935. If you haven't them at hand please let me know, and I shall send you my copy. I have also sent Moon the letter from Wheeler, Crosbie and Co., Philadelphia, our Accountants, He has excerpted the pertinent paragraph and already returned the letter to me. So I think you already have the material necessary for the December Bulletin. Will you please, by the way, have the December 1934 issue of the Bulletin, and the Dec. 1935 issue sent to Mr. F. Ralph Wheeler, Wheeler, Crosbie and Co., Widener Bldg., Phil., Pa?

I am writing immediately to the City Bank Farmers Trust Co. to find out what is the present value of the Nies Estate. To judge from the one semi-annual check I have received, our income from that source has not changed when compared to last year's income. The statements I have been receiving do not indicate the present value of the estate.

Sincerely,

NG

Dear Glueck:

I am glad to know that you think it would be a good idea to get Mr. Ashton as treasurer if we can.

I note what you say about budgetary matters. No further comment seems necessary.\*

I intend to write a personal note to each of our Trustees asking for some contribution, however small, for the Endowment Fund.

With regard to the maps made by Montgomery's son, I am signing the voucher and sending it to Mr. Foster. I must register a protest, however, against having such work done without the knowledge of either Speiser or me. Speiser writes that he has looked into the matter of having the maps engraved and put in a pocket in the cover of the volume, and the cost does not seem prohibitive. The volume is going to be somewhat expensive however.

Your salary, if you are appointed Director of the Jerusalem School, should certainly be what it was before. I have no idea that the Trustees would want it otherwise. The reason I put the matter as I did in my circular letter was that I thought it should not go entirely unmentioned, but I did not think it could be definitely disposed of apart from the adoption of the budget. I did not realize, I must say, that you would make such a sacrifice in salary by leaving HUC for a few years. Very few institutions, I imagine, can pay such salaries as you people get. I only hope you will feel the sacrifice is well worth while, because I hardly think we could afford in any case to pay a higher salary than we have paid in the past.

I have sent the title and abstract of your paper for the AIA to Professor Ward, along with one from Speiser. I am hoping that we may also have something on Jerash from Kraeling or Stinespring, but I am not sure if this will be feasible.

Sincerely,

*Millar Burrows*
