Dear Dr. Glueck:

Although I am sure you have had informal intimation that we want you to serve on our Foreign Affairs Committee and on our Committee on Peace Problems, I should like to extend this formal invitation for you to serve on both of these important groups.

I realize that you are out of the country a great deal, and that even when here you cannot always manage to attend our meetings. However, your background is so exceptional that we feel you have an invaluable contribution to make to our thinking, and I am hopeful that you will attend as many meetings as you possibly can.

Members of the Committee on Peace Problems are assigned to various subcommittees of which the not least important is that on Palestine. Naturally it is on that subcommittee I am inviting you to serve.

Faithfully yours,

  
Joseph M. Proskauer  
President
