Dear William:

I have received the revised monthly statements of the School for July-October, and the House statement for October. You have certainly had a great deal of trouble with Theodore, but your efforts have certainly made for important savings for the School. I am glad that Mrs. Blair has taken hold of the accounts so efficiently, and hope that she will be able to remain at the School for a long time.

I had already last spring instructed the bank to send you monthly checks to your residence in Baltimore, and likewise the additional \$250 for travelling expenses. I wrote to the bank yesterday asking them to send these checks to the Eutaw Savings Bank, Baltimore, to be deposited there to your account.

There is nothing new to add to my last letter with regard to Mr. Warburg's proposed gift to our Schools. At Moon's request I went up to Chicago to interview Mr. Patten, Sellers and I went together, and Mr. Patten gave us \$500 for the Endowment Fund. The University of Cincinnati by recent vote of its Board of Trustees has decided to become a corporation member of the American Schools of Oriental Research. So that means another \$100 a year. I hope to get some more money from Cincinnatians before the year is over.
