

האוניברסיטה העברית בירושלים

נשיא האוניברסיטה

Dear Nelson

יום 17.X.45

These perturbed will have
sent you a copy of our telegram
about the γ jet, as also a copy
of our letter to him. Enclosed
please find copies of both.

We are awaiting his reply with
great interest.

You did us a great service
& I want to thank you for it.
Hope the whole thing turns out
well.

The courtesy of the type here is a
good job, but not the perfect job

we want. The problem was, whether
to accept the Palastins from it
than to 75% for 100% Palastins,
as we had planned, or to get a
better type & take advantage of the
Philadelphia facilities, & finish
our all-Palastins ambitions. We
decided in favor of the latter, but
wasn't altogether easy.

Once having decided that,
we offered full partnership
to the T.P.S. I am sure your
approval of that, & I am confi-
dent that that is what they

also would want.

Your letter of August 27 from
Charlevoix came on Oct 1. It was
good to get the feeling you had
after being with Helen & Charles for
New Spain.

Please keep me informed of the
Morgie matter.

Submittic got into a sensational
story about two other ~~old~~ ^{old} ~~at~~ ^{at}
the inscription 140000 & crosses
in them. He connected it with
the crucifixion etc. I told him

my opinion about the kind of "journal"
publicity, & I believe that he is
beginning to eat crow.

Enclosed is a copy of my pam-
phlet.

Conditions here are tense no
matter what the publicity base on
either ~~side~~ may be saying.

The movement term begins
Oct 22.

We are all well. Much

love to all of you

Judith
